

*The first compact telescopic
handler to make life easier!*

**MANITOU has devised
a new way of working for you:**

Ultra compact

This "pocket handler" with telescopic boom will save your time when working in restricted spaces (cellars, greenhouses, garages).

Ultra mobile

Twisco is a manoeuvrable and effective tool that can be used anywhere. It can be pulled by a Light Commercial Vehicle to go with you to your work or delivery sites. As part of your hire fleet, Twisco can be very easily used by all your clients.

Ultra manoeuvrable

Its ultra-short turning radius makes Twisco the ideal answer for handling pallets or bulk (building sites in towns, loading/unloading lorries).

Rough terrain

With its 3-wheel drive, its differential lock and its ground clearance, Twisco can cross all obstacles.

**Higher versatility and higher mobility
mean higher profitability**

The best combination of

Can be mounted on a trailer

- Can be pulled by light commercial vehicle on a trailer with a minimum total permissible laden weight of 3.5 tonnes.

Telescopic boom

- Lifting height (4 m) to reach the first floor of a building.
- Forward reach (2.13 m) for loading a lorry or lifting a load over a ditch.

Light

- Less than 2400 kg to be kind to your work areas.

Versatile

- A standard version (SLT 415) for fork and bucket handling.
- An even more versatile version (SLT 415B) with multiple-fit carriage and optional hydraulic line.

of performance and compactness

Manoeuvrable

- A single steerable wheel at the back gives an ultra-short turning circle (2.22 m).
- Cycle times are reduced (rapid U-turns, ideal for narrow spaces).

Compact

- Overall height: 1.90 m, for working in confined spaces (going into doorways, greenhouses, car parks etc).

Cab

- Easy access and quick to learn, to save time.
- 360° vision over the whole working environment.
- Optimum safety (ROPS/FOPS and rough terrain tests according to EN 1459 B standards).

Manitou, material handling world leader

Inventor of the rough terrain forklift truck, Manitou offers today the most comprehensive range to meet all specific handling and personal lifting requirements :

Telescopic trucks

MANISCOPIC

*Rough terrain
and semi industrial
masted trucks*
